 Communication Systems Using MATLAB - John G ... Featuring a variety of applications that motivate students, this
 book serves as a companion or supplement to any of the comprehensive textbooks in communication systems. The book
 provides a variety of exercises that may be solved on the computer using MATLAB. By design, the treatment of the
 various topics is brief. The authors provide the motivation and a short introduction to each topic ... **Contemporary
 Communication Systems - MATLAB ... - MathWorks Topics include signals and linear systems, amplitude modulation,
 angle modulation, and noise performance of analog communication systems. A chapter on simulation of communication
 systems using MATLAB , Simulink , and DSP System Toolbox is included in the book. Contemporary Communication
