Network SouthEast - Wikipedia Network SouthEast (NSE) was one of the three passenger sectors of British Rail formed in 1982. NSE principally operated commuter trains in the London area and inter-urban services in densely populated South East England, although the network reached as far west as Exeter. Before 1986, the sector was known as London & South Eastern. During the privatisation of British Rail it was gradually ... Chris Green books - The InterCity Story and The Network ... Chris Green books - The InterCity Story and The Network South East Story - posted in Books: Have read these two books over the last few days, the Network Southeast Story was in fact the proverbial hot off the presses.
